

Shirla Vishwachaithanya

Software Engineer

2 Years 1 Month

(+91) 9885487227

vishwashirila@gmail.com

Profile Summary

Full Stack Developer with strong experience in analysis, design, development, and implementation of applications. Proficient in Java SE (Collections, Threading, Core Java) and Java EE technologies such as JDBC, with expertise in building scalable back-end services using Spring Boot. Skilled in developing mobile applications with React Native and experienced in database technologies including MySQL. Well-versed in version control using Git and familiar with the Software Development Life Cycle (SDLC). Recognized for strong problem-solving skills, adaptability, and continuous self-learning.

Education

B.Tech/B.E., 2022

Kakatiya University College of Engineering & Technology

Work Experience

Jan 2024 - Feb 2026

Software Engineer

Cyepro Solutions Pvt Ltd

- Developed and implemented scalable software solutions, improving system performance and reducing response time by 20%.
- Collaborated with cross-functional teams to optimize the development process, resulting in a 15% increase in overall efficiency.
- Performed comprehensive testing and debugging to ensure the delivery of high-quality, error-free software products.
- Designed and maintained RESTful APIs to enable seamless integration between front-end and back-end systems.
- Improved database query performance by optimizing SQL statements and indexing, enhancing data retrieval speed.
- Participated in code reviews and implemented best coding practices to ensure maintainable and efficient codebases.
- Worked closely with UI/UX designers to develop responsive and user-friendly interfaces in React Native.
- Automated repetitive tasks and deployment processes, reducing manual effort and minimizing production downtime.
- Resolved critical production issues within tight deadlines to maintain high system availability and user satisfaction.
- Contributed to requirement gathering, planning, and documentation, ensuring clear communication across development stages.

Key skills

- Java
- Spring Boot
- MySQL
- Postman
- React Native
- Expo
- React.js
- Redux
- Github
- GIT
- Firebase
